Most euchres in 6 handed (3 games) - John (8)
Most skunker clusters 6-Handed - Paul (10)
Most skunkee clusters 6-Handed - Bill (8)

Terms

Pull a Repp **- Toss out a trump quickly and under trump a card on the table (aka Dumbass)**
Super Devo (mod'd Repp) **- Slow, deliberate, intentional card undertrump thinking you won the trick**
WTF Devo **- Toss out a Left as an undertrump to a Right when you don't have to**
A Devo **- bid (and win bid) in 6-handed but name the wrong suit**

A Skudlarek - Get euchred on a loner

A "William" - you renege on a makeable loner thereby causing a 6 point swing

A Normy - call trump illegally, in the words of Fred, "You can't do that !"

A Jan - winning a 3bid in 5 hand, have no prayer of making it and winning on the last trick with a Queen- aka Blind ass luck

A Donny - Sniff, Shiff,,, do you smell something? What you say just before you reveal your cards and realize you didn't eucher someone on a loner

A Dougger - Bid 3, think you are euchered, You are out of cards while everyone else has 1, find a Right on the floor

An RJ - the alias you assume (Ralph - John) when nothing on your euchre night goes right (generally not being able to make your bid)

A Casserly - Calling trump without any Jacks (only 3 trump)

A Royal Casserly - Calling trump without Jacks or Aces (only 3 trump)

A Brave Ass Casserly - Calling trump without Jacks or Aces & 3 suited (you're a Euchre god)

F'n Max - Kill a loner, 2-fer, or cause euchre on the last trick

Euchred on a Brain Fart (aka A Pablo)- bumping up the opponents bid in 6 handed by mistake

No Nudge - device used to stop Paul from scoring unearned points (a large, strong paper clip)

A flyer - usually what happens just before a Skudlarek

The "prophet" - "what kind of dumbass gets EOAL?" - Frank Stark, just before he got his EOAL

A scout - throwing a low trump usually in the 2nd or 3rd seat which can easily be over trumped

Charlie Brown Shuffle - Mix the cards on the table & deal to change the card's "Karma of crap"

Snoopy Shuffle - Cut the cards and deal to change the "Karma of crap" on your cards

Ahh S**T!!! - Sound the lungs make when you think you made a F'n Max but failed

Not big enough dog breath !!! - when an overtrump occurs. Usually preceded by a "scout"

Euchre Player Wisdom

Wisdom according to Fred - Butt Floss, Butt Fungus, Your Nutship, Fuzznuts, You can't do that

Wisdom according to Bill - Getting euchred on a loaner makes you feel stupid but it is a lot like Chinese food, it doesn't stay with you too long. (his response to getting his 12th EOAL)

Frustration defined by Paul - I will NEVER ,,,,, NEVER ,,,,, bid 8 again ! If I do,,,, KICK, MY, ASS !!!. 1/30/06

Butt Floss / Fungus - term of endearment to let you know you have ruined someone's hand

That's "Mr" Butt Floss / Fungus - response to above

You ain't got a hair (or Hairless)- Goating an opponent to try a loner on a flyer

Eberle Wisdom - Got to call something even if it is wrong (it usually is)

Cheryl says you can't get euchred on a 9

Sure Signs you need to join the retirement home for Euchre players

You ask the question "What the hell is the name of that Snuffy Smith Cartoon?" (Paul)

When a trump card is led by your partner on the first trick and you made trump, you ask "What is trump?"
You make trump, forget what trump is, ask your opponent, they lie, leads to you being euchred
When your opponents "steal the deal" 5 times in a row from you and you don't notice (Devo)
When you swear you made a successful 15 bid even though you haven't taken a bid all night. (Paul)
As soon as you finish dealing you pick up your cards and ask "who dealt?" (Bill)

Legend

Hat Trick (HT) = 3 Consecutive Successful loners on same sitting
ER = Skunker
EE = Skunkee
EOAL = Euchred on a loner
4 Hand Skunk = 10-0 score
5 Hand Skunk = Negative Score
6 Hand Skunk = 40 pt differential or 1 team negative

Rules

4 Hand Straight w/Hi & Lo no Trump
EOAL yields 4 points,
Renege yields 2 points but on a loaner it is 4 points

5 hand bid - bid # only - HI/LO available
First card (same value) laid on a trick is highest
3 bid-no partners, 4&5 bid-one partner, 6&7 bid-two partners
loner must take 5 tricks -- 8pts w/kitty; 15pts w/o kitty
Take all tricks and get 10pts, on 15 bid get 25pts
Euchre (or renege) = -8 pts & other team gets pts for tricks taken; 15 bid=-15 (play continues to end)

6 hand bid - Bid # and Suit - HI/LO expressed as no trump
First card (same value) laid on a trick is highest
15 pt loner - take all tricks, get 1 card from ea partner (euchre is -15)
25 pt loner - take all tricks, no cards from partners (euchre is -25)
Euchre (or renege) = -8 plus non-bid pts for # tricks taken (non-bidding team renege then -8 and full pts to bid team)

Rules for all Games

1) Stick the dealer is enforced for all types
2) Teams determined by flipping Jacks, first Jack deals
3) No Mis-Deals
4) No penalty for "stealing the deal" - The deal is successfully stolen if all the cards are on the table

5) A reveled Jack on a deal - all cards collected and re-shuffled
6) A revealed card during play, must remain on table face up and played at next opportunity
7) Renege occurs when the trick is booked (before mistake is caught) (mistake follows rule #6)
8) Player calling a renege must prove. Penality for incorrect call is treated as euchre (see Euchre/renege for 5/6 hand)
9) A card which leaves the player's hand is the card played
